Dear St Michael's College Community,

On Wednesday evening, Primary Campus held its annual boys and dads evening and once again the College community supported the event strongly with 572 in attendance. The College has held the event to precede Fathers Day and link boys and dads night to St Joseph. St John Baptist De La Salle had a strong connection with St Joseph which as a Lasallian community we believe it is important to continue.

Days before his death St John Baptist De La Salle recommended the brothers have a special devotion to St Joseph, whom he called the Patron and Protector of their society. He reminded the Brothers just as God made Joseph responsible for the welfare of Jesus, he has made us responsible for the children he confides to us.

The evening began with a gathering of the boys and dads as well as a welcome mix of grand-dads, uncles and other significant males. We gathered as always in the presence of God for our opening prayer and reflection which focused on the special bond between boys and dads.

The second part of the evening was an opportunity for boys and dads to spend some in a variety of activities, which included;

- Board Games
- Chess
- Circus Elements
- Creative Carpentry
- CSIRO: ‘Mission to Mars’
- Drama
- DrumBeat
- European Handball
- Fathers through Time Construct your Family Tree
- Games R Us – two groups
- Games, Games, Games: Fathers & Sons team up in a variety of fun ways.
- Hip Hop
- iPad Animation
- It’s Electrifying
- Juku – Do – Ryu Self Defence in Action
- Let’s Go Fishing
- Lunar Landing
- Magical Matisse
- Make a Worm Farm
- Mini MasterChef
- Nest Boxes
- Old Skool Dance Off!
- Scouts SA
- Fathers through Time Construct your Family Tree

Following the activities the secondary staff and students cooked a BBQ for all the boys and dads which was well received. The dads in the Hip Hop group really appreciated the refuelling while the Master Chef dads looked quite content with their feast!!!

Tremendous thanks to the Primary staff who have gone ‘above and beyond’, once again showing that their work is more a vocation than a job! Special thanks to Louise Kometer, Jo-Anne Fidock and Kym Clark for their tireless commitment in ensuring the boys and dads night was the success it was. The leadership at the College also thanks the many presenters who gave their time to contribute to the evening.

A long held cornerstone of our Lasallian tradition is that of Faith, Service and Community. The night was a tremendous example of this in action.

The College would finally like to recognise the boys for welcoming their dads into the College and the dads for engaging so positively in the evening. We wish all Fathers a very special day on Sunday.

“Saint Joseph was a just man, a tireless worker, the upright guardian of those entrusted to his care. May he always guard, protect and enlighten families.”

Blessed Pope John Paul II (1920 - 2005)

Regards

John Foley
Principal (and dad for the night!)

### FROGS

Ever feel like a frog?  
Frogs feel slow, low, ugly, puffy, droopy, pooped. I know. One told me.  
The frog feeling comes when you want to be bright but feel dull.  
You want to share but you are selfish.  
You want to be thankful but feel resentment.  
You want to be big but are small.  
You want to care but are indifferent.  
Yes, at one time or another each of us has found him or herself on the lily pad floating down the river of life.  
Frightened and disgusted but too froggish to budge.

### A FAIRY TALE

Once upon a time there was a frog.  
But he wasn't really a frog.  
He was a prince who looked and felt like a frog.  
A wicked witch had cast a spell on him.  
Only the kiss of a beautiful young maiden could save him.  
But since when do cute young chicks kiss frogs?  
So there he sat – unkissed prince in frog form.  
But miracles do happen.  
One day a beautiful maiden grabbed him up and gave him a big smack.  
Crash – boom – zap!  
There he was a handsome prince.  
And you know the rest. They lived happily ever after.

### OBSERVATION

So what is the task of the Church? (and me?)  
TO KISS FROGS, of course.

YEAR 8 RETREAT
Last Friday, Year 8 students participated in the Year 8 Retreat, which focused on “Finding the Hero Within”. Our fantastic Year 11 Lasallian Youth Leaders, with the support of Year 8 Pastoral Care teachers, facilitated the morning program, giving students the chance to participate in a number of activities centred on the theme. After lunch, the group participated in a special liturgy, praying for God’s guidance and strength to be proud of their unique God-given talents and gifts and use them for the benefit of those in the local and wider community. Following this, the group heard from guest speaker Michele Colmer, who shared her amazing, inspirational life story. Michele empowered students with strategies for approaching challenges with persistence and a positive “can do” mind-set. Students were given a mind map to take home, a very useful visual reminder of some of these strategies. I commend the Year 8 students on their enthusiastic participation in the day’s events. Many thanks to all who contributed to the success of the retreat, particularly Dominic Ascoli, Lasallian Youth Minister, the Year 11 Lasallian Youth Leaders, Mr Matthew Williams, Year 8 Director, and the Year 8 Pastoral Care teachers.

MASTER BUILDERS COLLEGE
The tertiary college offers an accelerated one year Certificate IV and simultaneous Diploma in Building and Construction and Graduates will complete the course qualified as junior Site Supervisors, Trainee Construction Managers, Planners, Estimators and more. College students are paired with fully qualified industry mentors who impart one on one industry knowledge and support. College Director Bernie Fitzsimons said, “Master Builders College is a great way to become Diploma qualified in just one year and best of all the course is highly subsidised so students are paying around $1,000 for a course that would usually cost around $13,000.” The advantage the College offers is direct access to the members of the Master Builders for on-site training and mentoring in both the commercial and residential sectors of the industry. The College is a great start for any person seeking to enter the industry”. For further information contact Bernie Fitzsimons on 8211 7466 or email bfitzsimons@mbasa.com.au.

BROTHERS CUP GRAND FINAL
The Brothers Cup is an initiative created last year by Daniel Lees and Dom Gagliardi (current 1st XVIII football coach and SMC old Scholar). The Cup acknowledges the significant role the Christian Brothers (Rostrevor College), the Marist Brothers (Sacred Heart College) and the De La Salle Brothers have played over the years in building up the healthy competition our students continue to enjoy. It is a special round robin event which involves the above schools as well as the addition of St Peters College this year. It was created with the aim to promote the talent in the year 9 Division 1 Grade, which in the years to come is hoping to be extended to years 8-10 therefore similar to the format of the 1st XVIII competition.

Last year St Michael’s were undefeated during the year and went on to win the Brothers Cup. This year St Michael's have made it in to the Grand Final again, finishing higher than Rostrevor and St Peters College therefore playing Sacred Heart Middle School who finished first. The game is being played this Saturday at Sacred Heart Middle School oval (Percy Avenue, Mitchell Park) at 10:00 am. It will be a tough game, therefore it would be great to get as much support as possible. The winning team will be presented with the Brothers Cup after the game.

If you require any more details on the game you’re welcome to contact me at the College or by email Jessica.fanto@smc.sa.edu.au

Dear Parent

I have become increasingly concerned about the types of games that children can access through social media and mobile phone apps.

Some of these seemingly innocent games have features similar to those used in gambling.

Gambling experts are also concerned that children's exposure to these games can increase the likelihood of problem gambling in adulthood.

That is why the State Government is seeking legal and policy advice about our ability to deal with this problem.

I also want to hear your views. Have you experienced this issue, what do you think about it and what solutions might we consider?

The discussion forums will close for comment on Sunday, 15 September 2013.

We do not want to stop children having fun, but we also do not want to risk a generation of children becoming problem gamblers.

I look forward to hearing about your views on this important issue.

Yours sincerely
