Dear St Michael's College Community,

With Year 12 exams concluding this week, we are a step closer to the Class of 2013 concluding their schooling at St Michael's College. While we still have the Graduation Ball to formally farewell these fine young men and women, and we trust that the relationship with the college will be long-lasting, it is an opportune time to reflect on the year. Below is an excerpt from College Captain, Aaron Manuell's address at the recent Graduation Mass as a final reflection.

John Foley
Principal

Good evening St Michael's College Staff, family, friends and the Graduating Class of 2013,

Tonight we gather for the penultimate time as the graduating class of 2013, to reflect on the year that has been, the achievements of particular students, and to say our goodbyes after 13 years of schooling. I can see many happy and proud family members, teachers, and students here tonight, excited to share such a significant milestone in our lives.

Reflecting on the year, 2013 has certainly been very busy both in and out of class. We remember fondly our time together at our retreats held at Normanville, Belair and Mylor, the glory of Sports Day and Caica Cup, the traditional College events of Mission Action Day and Quiz Night, the various seminar days and our recent De La Salle Day. All of these events allowed us to unwind from the stress of Year 12 and will be etched into our memories when we reflect on our final year of school in the future. However, as all of you would know, it was not all fun and games with the constant assignments and tests having us bend over backwards to be able to fit in with our busy schedules. Tonight, however, we leave all of that behind as we contemplate our future.

So what will our future bring? From studying at university, developing trade skills at TAFE, venturing out into the work force or taking a year off to reconsider things, every student here has the spark to ignite the flame of future possibilities. As Lasallians we have learnt that we can make a difference by simply serving the needs of others and in whatever career path we follow, let us always remember to care for the poor and marginalized in our world. We have been instilled with these values from the teaching staff that who have shared their unconditional knowledge and support over the years to allow us to develop our many gifts and talents. Not only have the subjects you have taught us prepared us for future study, but the lessons and values you have instilled within each of us will serve us well in the future.

To the parents and guardians, otherwise known as ‘the pit crew’ for the race that is Year 12. For all of the support you have given us throughout the year, there is not much else to say but ‘thank you’. Thank you for the support, the sacrifices and the patience. Thank you for being there in our time of need. It’s because of you that we have the greatest possible chance of success in the future. I’d like to take this opportunity to quickly add, thank you to Mum and Dad, Lorraine and Craig, I would not be here without you.

I love this school but I know it is time to start saying goodbye. It has been more than a place where we have come to grow up. It has been a place where we have been surrounded by friends, and a place where we have built a life time of memories, ones that we will still be talking about in 20 or 30 years to come. It is much more than a school, it is a home, and one thing is certain, I will miss it. As students, we have not only attended a school where we have been given a true education and respect that an individual deserves, but we leave with a sense of purpose and pride, prepared for the new journey that the wide world has for us. I would like to conclude by wishing all of my peers the very best for their exams and for anything the future brings. It has been a delight being your fellow classmate, but most importantly, finishing the Race of Year 12 with you all.

To conclude, I would like to leave you with a message to begin our transition to new post school life: ‘For all that has been — Thanks. For all that shall be — Yes’. No matter where we come from, no matter whom we are and no matter what lies ahead, we are and always will be the class of 2013.

Ladies and Gentlemen, and the Graduating Class of 2013, it has been an absolute honour.

Aaron Manuell
College Captain

THE FEAST OF CHRIST THE KING

As our liturgical year draws to a close we celebrate the feast of Christ the King next Sunday, and on the following Sunday 1 December we start the season of Advent and our preparation for Christmas.

Jesus upset people’s ideas of what a King should be. A king does not show his power through making people fear him but rather shows his power through loving and serving others. Jesus also shows us that in his kingdom we too must love and help each other. If we do not, we cannot belong to his kingdom. He reminds us that whatever we do to other people he will count it as done to Himself!

So many people have the wrong idea of kingship in our world today. Unfortunately the love of power is a very strong urge in so many, whether it is to have or hold power over a country, in the workplace or even the home. Bullying, which has its source in a love of power over others, can be through the use of cyber space or face to face and is the cause of much suffering to so many today.

If we live as Jesus our King asks, we will share the joy of his kingdom forever. That is a wonderful promise to each of us. We pray for peace in countries where power is being used in the wrong way. We pray that we will all have a change of heart.

This quote from Joseph, Cardinal Bernardin (1928 -1996) sheds light on the true kingship of Christ.

‘For years I wondered how Jesus kept his ministry so clearly on track throughout all the interruptions and obstacles - all the “mess” of the world that intruded into his life and ministry.

One day, it struck me that, when Jesus opened his arms to embrace a little child and when he opened his arms wide on the cross to embrace the whole world, it was one and the same. He came to bring the Father’s healing, saving love to the human family - one person at a time. He came among us filled with enduring love.

So, the people he encountered on his journeys were NEVER interruptions, distractions or obstacles. For him, they were OPPORTUNITIES to carry out his mission; this is why the Father had sent him into the world! Serving others was at the very core of the meaning of his life and ministry.’

Be silent.
Be still. Alone. Empty before your God.
Say nothing. Ask nothing.
Be silent.
Be still.
Let your God look upon you. That is all.
God knows and understands.

God loves you with an enormous love, wanting only to look upon you with
Love
Quiet
Still
Be
Let your God love you.

YEAR 6 BRASS & WOODWIND NIGHT

Last Wednesday the Year 6 ensembles, the Stage Band and Big Band 2 performed in Founders Hall at the Primary campus for their astounded parents. The Year 6 ensembles have been practicing for this night for the whole year. They started learning their instruments halfway through term 1. In term 2 they put all the songs they had learnt together and played in an ensemble. The 6EL ensemble played; When the Saints Go Marching In, Skip To My Lou, Jingle Bells, Remix and March Steps. The 6KE ensemble played Ode to joy, William Tell, My Dreydl, A Mozart Melody and Lightly Row. The stage band played Party Rock Anthem, Dynamite and The Best of Queen Melody. Big Band 2 performed Brazil and I Feel the Earth Move.

The whole night was dedicated to the Year 6 ensembles and we feel we did a very good job and would like to thank Mr Boath the trombone teacher, Ms Chatburn and Mr Heinjus the trumpet teachers and a very special thanks to the awesome clarinet teacher, the primary school music coordinator, music teacher, choir coordinator, stage band conductor and ensemble conductor Mrs Dineen.

MONIKA’S FARM ~ YEAR 1 EXCURSION
On Friday we went to Monika’s Organic Farm. First we had brain food before we got on the bus. Then we got on the bus. I sat next to Sam. When we got there we were told to sit on the hay bales. We ate our recess. Then we went to the spinach patch. I got to eat some. It was yummy. Next to it there was silver beet growing. I had a taste of it. It was also yummy. We saw zucchinis and Arjan got to take one home. Then we went back to the hay bales. We ate our lunch. Then we went to the packing shed. I got to see how many zucchinis weighed 500 grams. Then we all got to get 2 zucchinis and put them on a tray into the packing machine. It came out wrapped up in plastic. After, we went into the cold room. There were carrots in there. There were big orders. One was for Coles and one was for Woolworths. Then we went back to school on the bus.

ADELAIDE 36ers VISIT
Last Tuesday we were lucky enough to have ten current Adelaide 36ers players, coaching staff, and past player Brett Maher visit the Beverley Campus. In front of the whole Primary School 15 SMC students were chosen to play against the 36ers in a friendly basketball match. Although severely undersized compared to the towering 36ers players the SMC boys put in a great performance. I’m sure those students involved will remember this visit for a long time. To finish the day the players then mingled with the students and signed autographs.

SECONDARY CAMPUS
RESEARCH PROJECT 2014
On Wednesday 27 November from 9:00am – 11:00am all Year 11 students have been offered the opportunity to take part in a workshop to explain exactly what is involved in the Research Project which is a compulsory subject for them next year.

For those students wishing to get a head start for next year it provides an ideal opportunity to help formulate a topic and a plan of action before the end of the year. Following this, students can make a booking to meet with a Research Project Teacher, on a one to one basis, to receive feedback and to help refine their work.

CARMINE CARUSO – CLASS OF 2011

AUSTRALIAN STUDENT BRINGS DOWN UNDER STYLE TO SOCCER TEAM  By Jen Badrow

Imagine that you are living your life as usual, and then someone approaches you and gives you the opportunity to do what you love the most, in a different country that you've always wanted to visit. Sound far-fetched? Not for Carmine Caruso, an incoming freshman who came to SCCC from Australia to play soccer. When Carmine was playing for a local club team in his hometown of Adelaide this spring, he got approached by an agent who could help him gain acceptance to a college in America to play soccer. SCCC was not the only offer on the table, but it was the one that appealed to Carmine the most, because of the location and its proximity to New York City, a place he says he's always wanted to visit. Studying abroad in the United States is something many foreign students want to do, he said. According to the Institute of International Education, the US attracts the highest number of international students. In 1975 there were 0.8 million students here from abroad in the US. Compare that to almost 3.7 million international students here in 2010. Being an international student takes adjustment. “The accents were hard to get used to at first.” Don’t forget that in Australia they drive on the opposite side of the road, and on the other side of the car. “I kept getting in the driver’s side of the car to be a passenger,” he said, laughing. When asked about what he thought of Sussex County, he had nothing but good things to say. “I think it’s beautiful. I can’t even describe it. Beautiful lakes, and forests and there’s so much space. I really like it.” Carmine plays forward and midfield on the Skylanders soccer team and has been training with the team since August. Playing American soccer was also an adjustment that he had to make. He explained that soccer in America is a lot smarter and more skillful. “The physicality has been something that I’ve had to get used to,” he said.

Getting an education in another country is a very eye-opening experience and everyone should have the chance to do it, he said. “Coming here was the best decision that I’ve made in my life so far,” Carmine said about his plan to leave his friends and family to make the journey to America.
