Dear St Michael’s College Community,

The De La Salle Brothers have this week announced the newly elected Superior General as Br Robert Schieler. The leadership of the Brothers’ Institute is an important position as its range of influence affects all Lasallian schools, including St Michael’s. I have, for example on a number of occasions, used the words of the past Superior General, Br Alvaro, due to his insight into education in the modern context.

On behalf of St Michael’s College, I would like to congratulate Br Robert and wish him all the best in his role. Below is an official statement from the Brothers:

The Institute of the Brothers of the Christian Schools during its 45th General Chapter in Rome has elected Br Robert Schieler for the mission of Superior General in the coming years.

Br Robert Schieler was born in 1950 in the city of Philadelphia, USA. He made his final profession in 1979. In his first year he served as a teacher in his own country and spent 13 years as missionary in the Philippines. He studied Modern European History and has a Ph.D. in Educational Administration.

From 1991 to 1998 he was Auxiliary Visitor of the District of Baltimore, served as Director of Education for former USA-Toronto Region from 1998 to 2001; later he was Visitor of his district from 2001 to 2007. During the last seven years he has been a General Counsellor for the new Lasallian Region of RELAN (USA and Canada) residing in Washington.

The Institute of the De La Salle Christian Brothers and the entire Lasallian family, we all congratulate Br Robert Schieler and would like to offer him our unconditional support and prayer for the new endeavor entrusted to him as the 27th successor of St. John Baptist de La Salle.

We thank Br Alvaro Rodríguez for the excellent work of government and animation performed during the two term mandate during which he has served as Superior General.

LASALLIAN RECYCLING MISSION

It was pleasing to hear this week that our Lasallian Recycling Mission has now raised over $8000. The initiative began in 2011 and revolves around the collection of used bottles, cans and milk cartons. There are six recycling cages positioned around the College grounds which are periodically emptied by our Year 8 students and sent for recycling.

The funds have allowed us to sponsor students in India through the Lasallian Foundation and we often receive letters from them updating us on their progress. The letters are always heartfelt and full of gratitude for supporting them in their education.

I would like to thank Year 8 Director, Mr Matt Williams, for his leadership of the Lasallian Recycling Mission from inception, as well as all his student helpers over this time. I also congratulate our staff and students for supporting the program and using the cages in such a responsible manner. The recycling program is a great example of a simple idea making a meaningful difference for those in need.

MARK LE MESSURIER - PARENT EDUCATION SEMINAR

Parents, particularly primary, are invited to attend a parent education seminar with Mark Le Messurier on the topic of RAISING BEAUT KIDS on Wednesday 4 June 6:30pm – 8:00pm at the Primary Campus Founders Hall, 78 East Avenue, Beverley. DIAMOND JUBILEE 1954 – 2014

WE REMEMBER …

School fees for 1954 were equivalent to $12.60 per term for primary students and $8.80 per term for secondary students.

The school uniform that first summer consisted of a short sleeved shirt, tie, shorts and anklet socks, all coloured grey, and brown sandals, or if the College socks were worn, then black shoes had to be worn. The winter uniform specified grey melange pants for the primary students and for the secondary boys, long trousers and a blue shirt. The College jumper was grey with blue and maroon stripes on the V neck and cuffs. The blazer was grey with maroon and blue striped braid as was the cap which had to be worn by all when travelling to and from the College. Grey suits were to be worn on special occasions.

The colour maroon was chosen in honour of the Sacred Heart and the colour blue, in honour of Our Lady.

Diary entries from the first year reveal that the boys were involved in a number of events in addition to their normal academic studies, eg the first mass in the College church on 7 March, a trip to Wayville Showgrounds to welcome the Queen to Adelaide on March 22, attendance at a mass to celebrate the feast of St Michael followed by a tennis tournament at the Allenby Gardens Courts on September 29, and Confirmation Day at the Parish Church of Hindmarsh on 14 November when 24 St Michael’s boys were amongst the 35 confirmed that day.

There was also the beginning of the sporting tradition which was to grow exponentially over the next 50 years. SMC fielded cricket teams and a football team, both having little success but both noted for a great spirit of endeavour, the hallmark of later SMC teams.

In the academic arena, the State Inspector of Schools found that the students were well known to each teacher and that individual attention was given to each boy (a consequence of the small numbers) and that the teaching is virile and strong with sympathy and understanding being conspicuous. He went on to praise the organisation and government of the College and declared that the enthusiasm and ability of the Brothers would quickly make the name of the De La Salles widely known and respected in South Australia.
A REMINDER THAT
TERM 2 TUITION FEES WERE DUE FOR PAYMENT ON FRIDAY 9 MAY 2014.

Parents are urged to contact me if they wish to make payment arrangements.

A $20.00 Administration Charge is levied on all overdue accounts, unless alternative payment arrangements have been made.

PRIMARY CAMPUS

ASSEMBLY 23 MAY

The assembly calendared for 23 May will be held at 2:00 pm instead of the usual 9:00 am time. Parents are most welcome to attend. Apologies for the change of time.

INCLEMENT WEATHER

Parents and Caregivers are advised that on days of inclement weather they may IN PERSON collect their son from his class from 3:10 pm. Students will not be dismissed unless they are collected in person. This is to assist families in picking up their sons in a safe and orderly manner when the volume of traffic after school is likely to be very high. Motorists are NOT to park in the pick-up zone whilst collecting their son from the classroom. The aim is to maximise the available space for the 3:20 pm peak pick up by providing an alternative to those parents who are prepared to park and walk.

LOST PROPERTY

Now that winter co-curricular is in full swing many students are changing into sports clothing after school and consequently considerable lost property is being generated. Please label your son’s clothing clearly to assist in prompt returning of these items by Administration staff.

WALK SAFELY TO SCHOOL DAY

School aged children across Australia are gearing up to take those important steps towards a healthier future by participating in the National Walk Safely to School Day on Friday 23 May 2014. This community initiative aims to raise awareness of the health, road safety, transport and environmental benefits that regular walking (especially to, during and from school) can provide for the long term health of our children. So consider walking to school from home with your children, walking with them to the school bus or if you drive park the car a short distance away from school and walk the rest of the way. Remember, until they are 10, children must always hold the hand of an adult when they cross the road – any road.

Mr Kym Clark, Director Lasallian Mission
THE 13-STOREY TREEHOUSE ~ A School Holiday Experience
Presented by Adelaide Festival Centre

The most popular authors and illustrators for boys from ages 6-13 are Terry Denton and Andy Griffiths. Their novel, ‘The 13 Story Tree House’, has been a huge hit. They have created a bit of a cult following with their series of novels.

Synopsis:
Who wouldn’t want to live in a treehouse? Especially, a 13-storey treehouse that has everything, including a bowling alley, secret underground laboratory, self-making beds and a marshmallow machine that shoots marshmallows into your mouth whenever you’re hungry.

Andy and Terry live there, make stories together, and have a series of completely nutty adventures. Today they’re going to present those stories in their first play – except they forgot to write it! And where will they find flying cats, a mermaid, a sea monster, invading monkeys and a giant gorilla? Fortunately they have some friends to help out, a box of costumes and props, some awesome technology and a truckload of imagination. Award winning playwright/author Richard Tulloch brings Andy Griffiths’ and Terry Denton’s best-selling book to life on stage for children 6-12 – and their adults – as the boys and their friends deliver an action packed hour of adventure, laughs... and gorillas! 3 “When a child’s imagination is at work, the sky is no limit”. The Australian

Dates: 2 -7 July 2014 at the Dunstan Playhouse. Bookings are through Bass and are selling fast. A great opportunity to further your child’s love of reading while giving them a theatrical experience.

Mr Ray Becker, Key Literacy Teacher

MIDDLE PRIMARY REPORT

This year, as has already been discussed, is the 60th Anniversary of the school’s opening. It would be interesting to gather the thoughts of SMC’s founding fathers into how far the College has progressed in that time.

The transformation of the curriculum into a national one and the ever expanding role of technology in the classroom would no doubt be at the forefront of those discussions. The Brothers and teachers of that era, I’m sure, would no doubt be astounded as to how far learning has come.

In this age of the digital classroom it is important we keep up with the changes on how students are learning and their ability to process and understand information. Equally important however, is that we continue the development of students in a holistic manner. As we attempt to master technology it is essential that as a society we not let it dominate to the detriment of the other areas of our lives, namely the social and spiritual aspects.

This Term presents the students of the Junior Campus with an opportunity to continue their learning and build on their knowledge from Term 1. In Middle Primary there are many exciting learning experiences for the students to explore; the Year 2s will be discovering Rainforests and their importance to life. The Year 3s will be focusing on people and their sense of belonging through contributions to community, whilst the Year 4s will be investigating the Age of Exploration. Winter sports start and offer another avenue to contribute and develop.

I wish all students, their families and staff a fantastic Term as we look to finish off the semester strongly on the way to “Being the Best We Can Be”.

Mr Damian Basso, Middle Primary Coordinator

SECONDARY CAMPUS

TERM 2 PARENT TEACHER INTERVIEWS, WEDNESDAY 28 MAY 2014

The second Parent Teacher Interviews are is calendared for Wednesday 28 May.

These events are always very popular, with teachers in high demand, particularly in the evening time slots.

We are aware that not all requests for interviews were able to be granted at the last Parent Teacher interviews and we have been looking at expanding the times available into the future.

Teachers prioritize some students and families and they enter these before the bookings open up on-line. Teachers generally reserve these for parents and students at risk, those studying in Year 12 and other targeted students.

I suggest you select these as a high priority. As long as you can enter your requests by the deadline everyone is given equal consideration in the automated selection process.

We value communication with you as integral to our success and I know our community values this as well as evidenced by the tremendous support shown to all of our events.

We trust that if you are experiencing any concerns of either a Pastoral or Curriculum nature, you will make contact with the relevant Subject or Pastoral Teacher, Counsellor or other relevant staff member.

Mr Alan Crierie, Deputy Principal – Curriculum
TERM 2 PARENT TEACHER INTERVIEWS, WEDNESDAY 28 MAY, 2014

Parent Teacher interviews are scheduled for WEDNESDAY 28 MAY, between 1:52 pm and 8:30 pm. Please note that classes finish at lunch time on this day. Information was mailed home on Friday 16 May in relation to the booking process. Parents and guardians will have the opportunity to talk with their child’s teachers about any issues of concern that may have arisen during the year to date. To make the most of the opportunity it is important to be prepared. Before your interview, plan specific questions you wish to ask and identify factors of which teachers need to be aware. The interview process should be seen as an opportunity for two way discussion where the interests of your child are important considerations for both parties. We also strongly encourage all students to attend so as to enhance the conversation and to hear constructive feedback firsthand. After the interview it is important for parents to follow up on matters discussed at the meeting with their son or daughter. Acknowledge strengths, identify areas where improvements can be made and encourage your child to take responsibility for his/her own learning. We look forward to seeing you and your child on the day.

SUMMARY OF DATES /TIMES:
- Friday 23 May, 9:00 am: Program closed for processing.
- Friday 23 May, 4:00 pm: Program reopened at which time schedules can be viewed and printed.
- Monday 26 May, 9:00 am: Program closed for final time. No further appointments can be made after this date.

Please remember to print your schedule and bring it with you on the day.

"GENERATIONS IN JAZZ" TRIP TO MOUNT GAMBIER 2014

Last week the Music Department once again headed down to Mt Gambier for the annual "Generations in Jazz" music festival, incorporating the National Stage Band and Vocal Awards. This year we decided to take the SMC Choir, so we had a total of 42 students on the coach. All up there were 3200 students in 138 Big Bands and 50 choirs, from 90 schools across Australia. The weekend was amazing as usual. This year we saw Marian Petrescu, 'the best jazz pianist in the world' in both James Morrison’s and Gordon Goodwin’s opinion,. The Big Phat Band was once again a headline act, along with a host of others.

The weekend was an amazing musical immersion experience for our Year 8 to 12 students. Our Big Band 1 and Choir represented the College admirably. Our Choir, in their first year at Generations, won their division! Congratulations to these students and our Choir Director, Laura Knowling. It was great to see the number of parents who made the journey to support us. The event is a wonderful experience all-round for everyone involved. Thanks to Year 12 music student, Jesse Sciancalepore, who has written a trip reflection below.

"Generations in Jazz" 2014 was an awesome experience, being able to be immersed in a world of jazz with world class players that inspire myself as a musician. This was my 4th year at the festival, and it never fails to impress as every year grows with excitement in what is to come, especially the past two years with the "Big Phat Band" coming to Generations from Los Angeles. The trip itself is a great experience that allows us to develop friendships with our fellow teachers and band members as it progresses. The highlight this year was definitely our Choir winning its division. Singing in the choir was a new experience for me this year, as I am a guitarist and was invited to join the choir for the purpose of the Festival. I very much enjoyed the opportunity to develop my singing skills, and we made a great sound together.

Spending time with my friends was also a highlight as we got to compete both in choir and big band, spending a lot of time together and developing and creating new relationships. The night time shows were amazing as I got to see many world class musicians such as James Morrison, Gordon Goodwin and his Big Phat Band, Marian Petrescu, The Idea of North, one of my idols - guitarist James Muller - who I personally am inspired by with his playing, and many more. Mr Donovan took a small group of us fishing at the salmon hole which was also great fun, being able to land a few decent fish with the boys and being able to just enjoy fishing for a couple of hours to chill out before we went to perform. The hard work and many rehearsals leading up to the trip paid off in the end as both ensembles performed well and should be proud of how they played. The tour overall left us very tired (especially the bus trips) but overall this was an extremely rewarding experience that I'm sure everyone will remember in the future. Many thanks go to Mr Donovan and the teachers who gave their time to accompany us on the trip.

STAGE 2 ART
Stage 2 Art students recently visited the Dark Heart exhibition at the Art Gallery of South Australia where they had the chance to see a work by well-known Australian artist Del Kathryn Barton. These three works by Jessica Stefano, Isabella Furnari and Michael Abarno were influenced by Del Kathryn Barton and focused on incorporating narrative into the portrait.

YEAR 11 ITALIAN EXCURSION - ADELAIDE UNIVERSITY/CENTRAL MARKET
Signora Carfora’s Year 11 Italian class attended the first ever Languages Festival at the University of Adelaide on 17 May, before applying their language skills in varied activities at the Central Market.

Stephen Gadlaparti Goldsmith, a Kaurna Aboriginal man, welcomed us to Country, and spoke to us about the beauty of language in Australia. He explained that if we have no knowledge of the languages or cultures from which we come, we are like trees with no roots. He encouraged us to value our opportunities to learn about language and culture.

Interestingly, just before the key note speaker took the podium, we were given an unexpected lesson about democracy. As the Hon. Christopher Pyne MP and Federal Minister for Education, rose to begin his opening address, a group of university students scattered throughout the Hall began a protest demonstration, and sang loudly through the entirety of the Minister’s speech for half an hour—almost completely drowning him out! While this was annoying (and loud), as we wanted to listen to the speaker, it was also comforting in a strange way, to know that we live in a country where we are able to make our opinions known in a peaceful way, and not pay for this with our lives. The online text of Hon. Christopher Pyne’s speech indicated that the Government has a strong commitment to the elaboration of Languages in our country, with an intention to see 40% of Year 12 students studying a language in future, and with many other incentives at tertiary level including expansion of exchange programs already in place. This makes complete sense given the increasingly globalised nature of our world and of the complex negotiations that must occur across countries and cultures.

After this interesting experience, Professor Roly Sussex of the University of Queensland, gave his key note address. Professor Sussex spoke about world languages, their benefits and importance. We learned that there are over 200 languages spoken in Australia and that the study of languages brings so many benefits including job opportunities, enhanced memory, health and multiskilling, mathematical ability and a wider and more compassionate view of human realities. Professor Sussex also spoke about the importance of non-verbal communication and how the study of languages and culture is integral to deeper understanding of this phenomenon. As a fluent speaker of 4-5 languages, Professor Sussex is an inspiring advocate for language learning as he is able to demonstrate and passionately discuss its many cognitive and social benefits. After listening to him, we felt lucky to be students of Italian.

After the festival, we walked to the Market together, had some lunch and then embarked on collaboratively applying our language to a series of tasks involving food; our theme for this term.

We found the excursion inspiring, useful, valuable, interesting and fun. Thank you to Signora Cardillo, Signor Viz and Signorina Tattoli for coming with us!

A composite of the thoughts of Year 11 Italian students: Annina D’Amico, Matthew Vasileff, Gabrielle Gonis, Jacqueline Scaffidi, Sam Cannata and Mary Hadgis

Brigadier Matthew Hall was born in Adelaide in 1965 and attended St Michael’s College in the early 70’s following his older brothers, John (Rick) and Rodney who also attended St Michael’s College. Brigadier Hall is uncle to Sophie Hall 2012, Sarah Hall 2009, Christopher Hall 2007 and Aidan Hall 2004.

Brigadier Hall entered the Royal Military College Duntroon in 1983, graduating in 1986 when he was commissioned into the Royal Regiment of Australian Artillery, serving in the 1st Field Regiment. In 1989 he transferred to the Australian Intelligence Corps and studied Vietnamese at the Royal Australian Air Force School of Languages, Point Cook.

On promotion to Captain, Brigadier Hall held regimental and staff intelligence appointments at tactical, operational and strategic level. This included employment as an analyst in the Defence Intelligence Organisation (DIO), following which he deployed overseas to Cambodia in 1992. On return he was appointed as the Intelligence Officer of the Northwest Mobile Force (NORFORCE) Darwin, then posted to Headquarters Northern Command Darwin. On promotion to Major in 1996, he was fortunate to be posted to the United States Defence Intelligence Agency in Washington D.C. as an integrated exchange analyst in 1996-1997, and was awarded the United States Meritorious Service Medal for his performance in this position. After attending the Australian Army Command and Staff College, Queenscliff, in 1998, he served at the Directorate of Officer Career Management – Army, prior to completing Long Term Schooling (Masters of Management) at the Australian Defence Force Academy. He was subsequently promoted to Lieutenant Colonel and employed as a Senior Carer Advisor, prior to being appointed as the Commandant of the Defence Intelligence Training Centre in 2002 and Commanding Officer/Chief Instructor of the Command Staff and Operations Training Centre, Canungra in 2004. In 2006, in the Queen’s Birthday Honours List, Brigadier Hall was awarded the Conspicuous Service Cross for his service in these appointments.

Brigadier Hall then served on operations in Afghanistan from September 2005 to March 2006. He fulfilled the duties of Chief of Analysis, US Combined Forces Command-Afghanistan, while also acting as a Liaison Officer for the Defence Intelligence Organisation. He was awarded the United States Bronze Star for his operational service to Combined Forces Command-Afghanistan.

On return to Australia in March 2006 he was promoted to Colonel and appointed the Director Joint Intelligence Staff, DIO. In 2008 he was selected as the Chief of Staff to the Vice Chief of Defence Force. In 2009 he attended the Defence and Strategic Studies Course at the Australian Defence College, prior to being promoted to Brigadier and appointed as the Commander Career Management-Army. Brigadier Hall’s tertiary qualifications include a Bachelor of Arts (Military Studies) and Masters of Management (Human Resource Management) from the University of New South Wales, a Masters of Defence Studies from the University of Canberra, and a Masters of Strategic Studies from Deakin University.

RAISING BEAUT KIDS: Recipes for parents on when to say 'yes' and how to say 'no'

Mark Le Messurier is a teacher, counsellor and author. He regularly presents at conferences throughout Australia and is a recipient of an Australian National Excellence in Teaching Award. Mark works in schools and in private practice in Adelaide with young people he affectionately calls 'Tough Kids'. He is the architect of the 'Managing Program' now running in many Catholic and state schools throughout Australia to support vulnerable students. Mark's latest book - his 9th - RAISING BEAUT KIDS follows hot on the heels of PARENTING TOUGH KIDS which became an international bestseller. Mark's books will be available at the seminar for purchase, using cash or credit card.

RAISING BEAUT KIDS is beautifully presented in a cookbook-style. Each chapter offers a typical tricky scenario that parents often face at home with their children and teens - accompanied with the ingredients that fire things up! Then a set of 'Recipe rescues' are offered as a problem solver: a practical way to respond to kids when they serve up tricky behaviours. The 'Recipe rescues' are designed to help parents steer the behaviour of their kids (and their own behaviour) in more positive directions, within the context of building healthy relationships.

You see, Beauty Kids just don't happen! Children begin life by being naturally impulsive and self-motivated. They look to parents to show sound judgement, compassionate leadership and the capacity to develop predictable boundaries and routines. Kids need connected parents who can make the tough calls when required, even when making such calls inconveniences them. In short, our kids need parents that know, 'when to say yes, and how to say no'. How parents do this often depends a lot more on their personal parenting style than on the kids themselves. Come and learn about your parenting style in a fun and interactive atmosphere.

You'll discover -

What your parenting style really is - the window you mostly live in
Whether your management style is the same at work and at home
Whether your parenting style is working for you, and for the kids
Is it likely to work for you in the future - is it sustainable?

Once you leave the workshop - the next time you're faced with one of kids, you'll be able to ask yourself;

Which window do I 'feel like' reacting from?
Should I move to another window?
If I need to move, how can I gather the energy and poise to do this?
Which window is most likely to result in a constructive solution, and has a good chance of strengthening our relationship?

In the end, parents who RAISE BEAUT KIDS know how to cleverly apply, 'when to say yes, how to say no' by moving freely and consciously from window to window in the Social Control Window.
