Dear St Michael’s Community,

MEMORIAL MASS
Thank you to all who attended the Memorial Mass held at the College last Thursday evening. The Mass is held each year in memory of deceased Old Scholars and members of the St Michael’s College Community. While it is in many ways a sad occasion, it is also an opportunity to come together and celebrate the lives of loved ones as a Lasallian community and with the support and strength that this Memorial Mass offers.

I would like to thank those staff involved in the preparation and support of the Mass, particularly Ms Katrina Senyszyn, as well as our College Leaders elect for their valued involvement on the night.

LASALLIAN PRINCIPALS’ MEETING
This week I had the privilege of hosting a meeting of Principals of Lasallian Schools from the Southern region of Australia. This meeting was convened in a spirit of association, with Principals from Victoria, Western Australia and South Australia working together as part of the wider Lasallian family. Apart from being a wonderful opportunity to build relationships and find out a bit more about each other and our schools, it was also a welcome time to discuss the Lasallian mission and how this looks for us today and into the future. Our particular focus from this meeting included formation and solidarity opportunities with a number of productive outcomes emerging.

YEAR 12 ART / DESIGN AND PHOTOGRAPHY EXHIBITION
I would also like to congratulate the staff, students and families involved in the very successful Year 12 Art / Design and Photography Exhibition held on Friday evening at the College. Not only was the standard of student work once again outstanding, it was a very real celebration of all the skill, talent, hard work and commitment required to put on such an exhibition.

Congratulations, in particular, to Year 12 Art Students, Murtaza Hussaini, Scarlett Parker and Phoebe Schipper on having their major works selected for the 2014 SACE Exhibition. Well done to all.

Yours sincerely,

John Foley
Principal
Parents and parishioners are warmly invited to attend Mass at either Campus each week during school time. Please do not hesitate to contact the College with any queries.

**LIVING THE JOY OF THE GOSPEL**

Pope Francis has a special way of teaching. He moves people to reflect on their lives and challenges people to think and act in different ways. His first Apostolic Exhortation, translated as The Joy of The Gospel, challenges us all to take action. Over the next three weeks in The Star, we will publish “Some Ways to Live the Joy of the Gospel,” starting with these few.

- **Start and end each day with a prayer of praise.**
- **Be grateful for a difficult challenge.** How is the Lord teaching you?
- **Extend a hand in friendship to a little-known neighbour.**
- **Undertake a thankless task at home or in the parish which is usually left to somebody else.**
- **Turn off the TV or radio, close down your computer, iPhone, iPad... and be more present to your family and friends.**

WE REMEMBER

St Michael’s College 50th Anniversary was cause for celebration in 2004 and heralded further change. The community had not only survived its first 50 years but had achieved a great deal.

Who, among the eight committee members invited to assist Fr Cuthbert Hoy, the Parish Priest of Hindmarsh in January 1952, to buy land suitable for a new Catholic Boys Secondary School, would have imagined what would develop from their willingness to help. Seven years after World War II, the western suburbs were growing rapidly, as a result of an increased post war birth rate, greatly augmented by migrants from a Europe devastated by the war, who travelled half way around the world to establish a new life for themselves and their families.

Who, among the three Brothers, newly arrived as teachers and the 29 boys who enrolled in time for the new College’s first classes on February 9, 1954 would have foreseen the growth to 780 students in 10 years.

In its 50th year, St Michael’s had an enrolment of 1300 students across two campuses, from Reception to Year 12, and was, and still is, a significant contributor to the life of the western suburbs.

So many aspects of Catholic school life had changed in fifty years. The College was originally staffed by Brothers; classrooms were sparse, furnished simply with a blackboard, desks and chairs; corporal punishment reflected the attitudes of the time; learning was dependent, even in senior classes, on a single text; there was no library to speak of, there was much learning by heart; little, if any, classroom discussion; the school’s operation relied completely on fees, fundraising and the contributed services of the Brothers; membership of the cadets was considered a necessary path to manhood and a student leadership programme was delivered by selected Prefects.

In its 50th year, St Michael’s offered a curriculum which was designed to meet the needs of students in contemporary society, offering challenging pathways to satisfy the ambitions of an extremely broad range of people. Lessons were delivered in pleasant, air-conditioned classrooms and using the latest education technology of the time.

One major aspect of the College had not changed however. The commitment to a Lasallian vision of education was still paramount … the essential principle of Lasallian education to challenge minds and to touch hearts, was still the very core of the College’s operation.

As the year came to a conclusion, the end of another era was to be marked. A new governance structure for the College would come into play from 2005, enabling the College to meet the challenges of the future as a strong Lasallian school. The De La Salle Brothers would still own and operate the College, and Brothers would remain on staff, but governance would be exercised through a Board of Directors and the role of Principal would pass from a Brother to a lay person. This change had been planned in such a way as to guarantee that the essential characteristics, which have successfully shaped the College community during its first 50 years, would still be proud reference points at its next significant anniversary.

As a consequence to this change, the College farewelled and thanked Principal Br John Pill for his monumental and inimitable contribution to St Michael’s College, a contribution that had placed St Michael’s at the forefront of educational excellence in South Australia. Br John Pill left the College having touched the hearts of many in a way that had life-long influence.

In conclusion, it would be remiss not to mention that for the St Michael’s College community, 2004 did begin on a very sad note with the passing of long serving staff member Mr Tony McNamara during the holiday break. Tony was a highly respected member of the Primary Campus staff since 1989 and his untimely passing shocked the school community. Rest in peace Tony.

BROTHER PAUL KENT CAN DRIVE FOR JUSTICE
Brother Paul Kent was a strong advocate for social justice in our community. We look to remember the example he set for us as we continue to support the Australian Refugee Association this year. ARA supports people who are new arrivals to Australia trying to settle in our community after having been forced to leave their homes for a variety of reasons.

As we approach the festive season, it is always important that we take the time to reflect and remember those less fortunate. Any assistance that we are able to provide the ARA in the form of canned goods or other long life foods will be appreciated.

Last year’s effort was truly amazing and extremely humbling, reflecting the caring and generous nature of our Lasallian community. We look forward to again being able to help ARA give refugees a good start with their new lives here in Australia.

Many thanks in anticipation,

The Students of Middle Primary

OLD SCHOLARS

WHERE ARE THEY NOW?

Daniel Cioffi ~ Class of 1998

I attended St Michael’s College from 1996-1998. During that time I had the privilege of being Vice Captain of the College and Captain of the Open A Basketball team. After graduation, I attended UniSA and completed a Degree in Physiotherapy in 2004. Although pleased to have completed my studies, my dream was always to play professional basketball.

During my time at university I travelled to the USA and Spain to represent SASI (South Australian Sports Institute). I represented SA at Junior National Championships and captained the U/20 team to the National Final. I played State League for the West Adelaide Bearcats and in 2000 I joined the Adelaide 36ers for two seasons.

I thought my dream had been realised, however, I felt that I was not given the opportunity I deserved so I began to explore other options. After a further two successive trips to the USA with Aussie Hoops, playing exhibition matches throughout the country, in 2002 I travelled to Europe in search of a professional contract.

To my delight after trialling and travelling throughout Europe, I signed a three year deal with Division 1 club, Pallacanestro Reggiana in Reggio Emilia, Italy (Former team of Kobe Bryant's father and where he played some junior basketball).

From that time until 2011 I was fortunate enough to have had the opportunity to play in Spain, Italy and finally in Germany, reaching the playoffs eight times and being part of teams which moved up to top leagues six times. I have shared the court with European and NBA greats such as Dejan Bodiroga, Andrea Bargnani, Marco Belinelli, Danilo Gallinari, Rodney White, Mike Penberthy, CJ Watson and many other great players. Following major injury, I finished my playing career in Wuerzburg, Germany (hometown and former team of Dirk Nowitzki) with the S'Oliver Baskets.

In 2009 I married my wife Yolanda who is from Mallorca, Spain. She has travelled and supported me during all the years of my playing career.

Currently, I am studying law externally at the University of London and upon completion, I intend to practice internationally, protecting the rights and guiding the careers of professional athletes.

It has been a dream to be able to do what I have done. I have had success at a sporting level, travelled the world, learnt to speak several languages, met many people, made great friends along the way and have had experiences that I will never forget.

Along with the support of my wife, family, friends, God, coaches and team mates, my experience at St Michael’s College both from an academic and sporting point of view definitely aided and instilled in me a strong work ethic, a desire to strive for excellence and belief in myself that I could achieve anything.

I thank you for this opportunity to share my story and I encourage you all to work hard in every aspect of your lives and reach for the stars because dreams do come true.

Daniel

On 11 November a team of Year 8 and 9 boys competed in the Knockout Baseball competition held at Glenelg Baseball club. With a limited number of teams in the competition the boys were involved straight in the finals where an unfortunate rule infringement in game 1 had the boys playing off for 3rd place against Marryattville High School. They easily accounted for Marryattville 14-4 with some good defence and excellent offence. A good mixture of seasoned baseballers with other enthusiastic players shows the potential for success in future years. Notable performers on the day were Alex Martin’s hitting and pitching from Zac Esca, Blake Carpenter, Zac Trevaskis and Ethan Marchioro.
