

19 November 2021

Dear Parents/Caregivers,

2021 Graduation Ball

The Graduation Ball is a feature of our College calendar. It provides an opportunity for staff, students and families to celebrate together and acknowledge our graduands individually on this important milestone in their lives.

It was challenging to hear of the changes to COVID-19 vaccination requirements announced by the Convention Centre yesterday, knowing the impact that these changes may have on our College families and their eligibility to attend the Ball.

The College has therefore been faced with making a decision that would best suit the majority of our community and allow the event to be as inclusive as possible. We have taken into account the feedback from our surveyed Year 12 families and the number of students who would not, at this time, be able to attend the event if held next week.

Taking all matters into consideration, the 2021 Graduation Ball will be rescheduled to **February 26, 2022**. The event will remain at the Adelaide Convention Centre. By postponing the event, we trust that the majority of students and families who are able to attend will have sufficient time to prepare for what we expect will be a great experience for students, families and staff to reconnect after a few months apart. This proved to be the case for the Class of 2020 who celebrated their Graduation event earlier this year.

For those attending, all arrangements regarding ticket allocation will remain as currently booked. Contact will be made again with families when school resumes in 2022 to confirm the event and your bookings. We ask that you please contact the College if your email address changes between now and mid-January 2022.

Hopefully, the rescheduled date provided will be suitable for all families, however, we understand that this might not be the case. If, unfortunately, the new arrangements are not suitable for you, then we ask that you please contact the College to arrange a refund.

We wish our students all the very best as they await their SACE results and we hope to see you at the Convention Centre in February 2022.

On behalf of the College, I thank you for your understanding and for your ongoing partnership and support.

Kind Regards

Mark Labrosciano
