LEC Mentor

The LEC Mentor **supervises** and **assist students** with their work during their allocated study period. Generally classroom 22.

The LEC Mentor role involves:

- **Building relationships**—get to know students, make connections, ask students about progress of work, wellbeing, co-curricular activities, etc.
- **VET study help**—help with drafting, editing assignments where needed.

...and

- **Positive environment**—maintain a positive work environment for students.
- **Liaises with VET Coordinator**—check on students' progress.

VET students needing to work in other areas

At times, students may need to work in Design Tech, Art, photography, etc.

- **A signed note or email is required** from the subject teacher.
- **Student must first report to LEC Mentor**—LEC Mentor will **mark the student off on the VET study roll** before they are allowed to go to the other work area.

Who is responsible?

Leanne De Young (X 251)

VET matters

- Workbooks
- Work Completion
- Work Experience
- Catching up on classes/work missed on VET day

YLD or AYLD

Behavioural issues

- Repeated, unacceptable behaviour
- Being disruptive
- Not following reasonable directions

Do note:

- **Normal Levels of Support apply** for both In-Class and Out-of-Class Behaviour where consequences and processes are mapped out.
- VET students are **not allowed to access the LEC Café** during their VET study lesson.

and...

- **Mobile Devices Policy**—no phones to be used during VET study.
- **Expectations**—Act as 'Ambassadors' of the College at VET providers, both on or off campus.

The VET study is a privilege to allow students to catch up on their work and have a Mentor as a support person.

Year 12 students who do not comply with the conditions outlined may be placed in a classroom for direct supervision for a period of time, negotiated via YLD and VET Coordinator.

Leaving early due to VET 'frees' will be removed if a student falls behind with their school or VET work completion.
